Unlock your Unlimited Potential in your industry!

After working for a few years in my dream job as a nurse, I felt that God was calling me for more. I didn't know exactly what this meant or what was ahead of me, but I knew that I felt His prompting to enroll in Unlimited Leadership Academy.

A few months into my study, I was given a promotion at work that allowed me to take on more responsibility and put into practice the leadership principles I was learning in class.

As God spoke and continued to lead me, my passion for sharing the love of Jesus grew; as did my confidence, my understanding and the communication skills to share my experiences well.

Studying with Unlimited Leadership Academy has taught me to listen for God's voice, understand Holy Spirit's promptings and has prepared me to share the story of Jesus to those around me in an encouraging and empowering way.

I believe we are all called to be witnesses for the Kingdom of God, and should study to better prepare ourselves for this call.

Unlock your Unlimited Potential in your community!

Unlimited Leadership Academy has impacted my life in so many ways. I'm not the same person that started. All I knew in my Christian walk was what was taught to me as a young person. ULA has helped me to understand why I believe what I believe. Its helped solidify my foundational beliefs and develop my own convictions based on the word of God.

I've gained so much confidence by being positively challenged to push myself in this course, confidence that's helping me in my social and personal life. I've grown in my communication skills and a more well rounded view of the world, which has made me a better employee, parent, wife and member of the community.

I've realized the unlimited potential in me. While ULA doesn't give you gifts, it helped me discover, enhance and grow my God given talents. ULA has developed my sense of identity, I've grown in my character of who God made me to be. I've a deeper understanding of who I am.

I'm truly grateful for the friendships that I made on this journey. The lecturers have a wealth of knowledge and genuine interest to see us grow, because they want to see us winning in every area of life.

ULA gave me the boldness and confidence to step into what God has called me to.

Unlocking your Unlimited Potential in your study!

Before studying at Unlimited Leadership Academy I was reading in 2 Timothy 2:15 which says “Do your best to present yourself to God as one approved, a worker who does not need to be ashamed and who correctly handles the word of truth” and knew if I wanted to step into what God has planned for me I’m going to have to study and spend time in the word. I had a desire to attend ULA and knew it was God who placed that desire in me.

The question for me was how could I do this? I’m married and a dad to two beautiful, energetic children aged 3 and 4 and a full time shift worker (including night shifts) with limited roster flexibility. I knew that if I stepped out in faith God would also supply me with what I needed if I did what He told me to do. And He did! Every step of the way!

Attending ULA has confirmed what I believed God has called me for. Its given me a boldness and confidence to step into that calling and identity which will be with me forever. The face to face classes provided time to bond with fellow students, to share challenges and to be there for each other in prayer. The friendships you make and seeing the growth in everyone has made ULA a very special experience.
